# SmartNavigation

Titles with SmartNavigation are designated with the Smart logo  in the dropdown title selection menu. SmartNavigation titles include advanced digital features such as:

## Article Text View

Simply click the headline of an article to open the article in text view.

## Language Translation

There are up to 11 major foreign languages available. When viewing an article in text view simply click the translate button.

## Article Jumps / Linking

SmartNavigation enables continued linking throughout articles and their related stories. Email addresses, URLs, and phone numbers are also displayed as links.

## Article Rank

Article Rank is a revolutionary means of measuring the popularity of an article, which is determined by the reading behaviour of PressDisplay users. Article Rank is continually updated to reflect the most popular content available.

## Integrated Radio

Integrated radio allows readers to listen to the whole publication, article by article. Users can enjoy this feature while reading other newspapers or while using other applications. When viewing an article in text view, simply click the sound icon  and the audio will begin to play in your Media Player.

## Article / Page Sharing

Articles / pages can be shared with your friends, colleagues and associates by clicking the email icon .

## Printing

Page and custom area printing is available while in full page view. Article printing is available while in text view. Click the print icon  on the corresponding toolbar.

## Social Networking

Share articles and pages on selected blogs , Digg , del.icio.us , and Facebook  in text view.

## RSS Feeds

RSS Feeds are available by clicking the RSS icon  while viewing the front page of a newspaper.
